

MOUNTING SUGGESTIONS:

Yamaha V-Star 950 & 1300 Fender Bib

Note: Mustang recommends removal of the fender bib before installing a passenger seat. Mounting a passenger seat over a fender bib may result in damage to the bib, poor seat alignment or other problems.

Installation of Mustang fender bib:

1. Remove the seat from the motorcycle.
2. Remove both passenger seat brackets from the fender with a 10mm wrench. Re-install the center bracket bolts into the fender.
3. Insert the rear fender bolts through the bib's mounting holes and re-install into the fender.
4. Stretch the elastic band at the front of the bib forward and around the solo mounting bracket.
5. Re-install seat.

Enjoy the custom look of your new Mustang fender bib!
