

## MOUNTING SUGGESTIONS:

### Yamaha Raider Fender Bib

**Note: Mustang recommends removal of the fender bib before installing a passenger seat. Mounting a passenger seat over a fender bib may result in damage to the bib, poor seat alignment or other problems.**

#### Installation of Mustang fender bib:

1. Remove the seat from the motorcycle.
2. Remove all three brackets from the fender. Reinstall the 4 rearmost bolts to prevent splash-through.
3. Position the bib on the fender. Reinstall the solo mounting bracket through the front holes of the bib into the fender with the stock fender bolts. Secure with a 10mm wrench.
3. Clean the portion of fender under the rear of the bib, and apply to the fender using the self-adhesive hook-and-loop fastener.
4. Re-install solo.

Enjoy the custom look of your new Mustang fender bib!
