

MOUNTING SUGGESTIONS:

Honda VT1300 Sabre/Stateline/Interstate Tank Bib

Installation of Mustang tank bib:

1. Remove the seat from the motorcycle and loosen the two screws at the front end of the dash. Note: the dash should not be removed.
2. Slide the tank bib into place on top of the wire harness and under the front edge of the dash. The bib will just touch the rear portion of the dash.

3. Remove the screw at the base of the tank. Align the lower end of the bib with the tank mount and secure with the stock screw.
4. Tighten the dash screws and re-install the seat.

Enjoy the custom look of your new Mustang tank bib!
