

MOUNTING SUGGESTIONS:

Honda
VT750 Aero, VT750DC Spirit,
VT750C2 Spirit - Tank Bib

Installation of Mustang tank bib:

1. Remove the seat from the motorcycle, and remove the two screws holding the dash to the tank.
2. Lift dash high enough to slip the bib over the dash bracket. Be sure bib is centered on the bracket.
3. Lower dash into place, make final adjustments, and re-install the two dash mount screws securely.
4. VT750DC Spirit: remove the bolt and washer from the base of the tank and mount the bib to the base of the tank. The washer must be on top of the bib.
5. Other models: Fasten the base of the bib to the tank bracket with the elastic cord.
6. Re-install the seat.

**You are cordially invited to
— Tour the Mustang Factory —**

See how our craftspeople take pride in transforming raw materials into the world's highest quality, most comfortable handcrafted seats. Please contact Mustang for more information regarding tours of our historic Three Rivers, Massachusetts, facility (only 75 miles west of Boston; 150 miles northeast of New York City). Our two hour tours are by reservation only; we can accommodate groups from 2 to 24. We promise you will ride away with an entirely new awareness of what you put between you and your bike.
